ABSTRACTED-PUB-NO: JP 11140161A  
BASIC-ABSTRACT:

A quick-curing epoxy resin compsn.(QERC) comprises 50-99 wt. % of (A) epoxy cpd. and 1-50 wt. % of (B) episulphide cpd. which contains at least 0.1 mol % of a cpd. having episulphide gp. and epoxy gp. in a molecule.

USE - The QERC is suitable for coatings, an electrical and electronical material, adhesives, a composite material, zigs and an industrial material in a civil engineering and building field.

ADVANTAGE - The QERC has good curing properties, high reactivity, good storage stability and good working properties without odor and provides cured matter having good mechanical and electrical characteristics and good chemical resistance.
